## SCHOOL BOARD ELECTION TONIGHT

Many Hammond people are just beginning to realize that the new election will bring five members into the Board of Education. They were surprised when they learned that the council in its annual meeting had voted to fill a vacancy that even now exists.

The act of 1920 requires that either one or two men and under no circumstances should have a school board elected by the people instead of being appointed by the council. In their wisdom put Hammond under the vice by just four souls and most people have taken it for granted that the change in the board would come as a matter of course.

During the last session of the legislature some one quietly slipped down to Indianapolis and spoiled it all. The solemn panel of an act repealing the law of 1920. Now it will be necessary for Hammond to grow to 4,000 before it can have a five-member board.

The change came as a distinct shock to the women of Hammond who had been expecting the realization of their dream to have one or two women on the school board. Efforts to have a woman appointed have always failed because the opponents insisted it was not right to expect a woman to work on a board with two men. They said there should be at least two women so women are patient waiting until

## BELGIAN KING AND FRENCH PRESIDENT RIDE IN TRIUMPH THROUGH REBUILT LILLE

King Albert of Belgium, in uniform, and President Millerand riding in procession through streets of Lille.

President Millerand of France recently gave an official reception to King Albert of Belgium in the city of Lille, one of the beautiful French cities partly wrecked by the Germans during the war. The reception was a tribute to the Belgian army which saved the city from the foe.

The city grew to 20,000 when some one took it away from them.

Dr. G. L. Smith winds up his three years as a school trustee this summer. His successor will be appointed tonight. While he is not the only candidate for the office it is probable that in view of the amount of experience won now being boasted by the board and Dr. Smith's intimate knowledge of pending business and faithful service, he will be named to succeed himself.

## W. A. FUZY IS RE-ELECTED TO BOARD

The long drawn out fight in enlisting a member of the East Chicago School Board was decided by the council at their regular session last night. Wm. A. Fuzy was re-elected, succeeding himself for three more years.

An ordinance discontinuing the office of building commissioner and inspector and assigning the duties of this office to the city engineer, was laid upon the table to be brought up at the regular meeting of the council. It is understood from members of the council that if this ordinance is not adopted, another bill will be introduced placing the building commissioner on a salary instead of a commission basis.

Inspection of plumbing and house drainage ordinance and amending of a city inspector was referred to further readings. The ordinance provides certain rules and regulations that builders and contractors are required to conform with in the installation of plumbing fixtures. A representative from the plumbers union stated that a similar ordinance was in effect at Hammond.

An ordinance permitting the Board to issue and sell \$50,000 worth of bonds for the equipping of north end parks and completing the improving of other parks within the city still pending passage.

An ordinance authorizing the purchase of a triangular tract of land fronting on 111st street, and adjoining the right of way of the South Chicago & Southern Railroad company and Canal Park avenue was adopted. This property is to be used by the city for storage yards, and as a location for storage houses and firms. The property was purchased from the East Chicago company for \$2,000 subject to the taxes after the year 1920 and balance of the special assessments of the Alder street outlet assessed against this property.

The extension of Lewis Place and condemnation proceedings against the property at 4230 Pershing avenue was referred to a committee of the council. The ordinance provides for the condemnation and improvement of two block from Pershing Avenue, also for the tearing down of the building on Pershing Avenue. The improvement is estimated to cost the city over \$17,000. It is expected that after an investigation by the committee the project will be turned down.

general clean-up of peddlars, itinerant dealers and nomads from the limits of the city.

An ordinance was introduced giving the city authority to direct the location and regulate the management of all public markets and market places. And to license, tax and regulate itinerant dealers and peddlers manufacturing and carrying on business and places of business in such markets. A petition signed by prominent merchants of the city was read by Attorney Allan P. Taylor, objecting to peddlers disposing of diseased merchandise in the limits of the city of East Chicago. While the ordinance was not adopted by the council last night, it was very evident that the majority of the members endorsed and favored the movement.

Twenty judges of the circuit court and one judge of the superior court were chosen. The "coalition" ticket carried eleven democrats and ten republicans to seats on the bench. Returns today show that the lowest candidate on the "coalition" ticket, composed of both republicans and democrats, which opposed Mayor Thompson's ticket of "straight" republicans was elected.

An ordinance authorizing the purchase of a triangular tract of land fronting on 111st street, and adjoining the right of way of the South Chicago & Southern Railroad company and Canal Park avenue was adopted. This property is to be used by the city for storage yards, and as a location for storage houses and firms. The property was purchased from the East Chicago company for \$2,000 subject to the taxes after the year 1920 and balance of the special assessments of the Alder street outlet assessed against this property.

STANDARD OIL OF IND.  
INCREASES CAPITAL

\$40,000,000 Issue Believed  
for Purchase of Produc-  
ing Companies

Stockholders of the Standard Oil Company of Indiana at a special meeting at Whiting, Ind., voted to increase the capital stock from \$100,000,000 to \$140,000,000 in accord with the recommendation of the board of directors some time ago.

It is believed this increased capital will be used to acquire the Midwest Refining Company although no official statement has been issued to the public as yet. Another use of the increased capital may be suggested for the purchase of producing properties in the West and Middle West.

According to the federal trade commission at the close of 1920, the Standard Oil of Indiana owned 260,000 shares of Midwest stock, or about 28 per cent of the outstanding stock of that company. The Midwest Company has \$31,000,000 unpaid. Some time ago it made an \$18,000,000 exchange for 100,000 shares of \$25 par value.

Apparently there are 121,028 shares listed and not held by the Standard Oil of Indiana at that time. To acquire these shares on the reported basis of one share of Midwest for two shares of Indiana, approximately \$42,656 shares of the latter stock would have to be issued. Indiana company's shares have a \$25 par value so that a full exchange into Midwest would mean the issuance of \$25,633,000 shares of Indiana stock and bring its issued capital up to \$100,000,000.

## RENSSELAER TO ENTERTAIN C. O. F.

RENSSELAER, Ind., June 7.—Rensselaer is to be honored by having as its guest the fourteenth state convention of the Catholic Order of Foresters, which will convene in this city Monday, June 17, and remain in session Tuesday and Wednesday, June 18.

The officers of the state court are as follows:

1. Rev. Joseph Chartrand, state spiritual director, bishop, Indianapolis; John A. Hergen, state chief ranger, Mishawaka; Michael E. Laumer, state vice-chief ranger, Hammond; Louis H. Busch, state secretary, Lafayette; George Kusman, state treasurer, Hammond.

Trustees—Edward P. Hanan, Rensselaer; George Hanlon, Hammond; Joseph Kress, Indianapolis; J. Herman Buerer, Fort Wayne; Paul P. Ruiz, Lafayette; John Tokarz, Whiting, and Harry L. Tragesser, Lafayette.

The plot is an unusual one and involves twin brothers who love the same woman and who, strange to relate, are both loved by her. One of the brothers commits a crime, turns out to be a murderer and his twin changes identity with the guilty brother. Then events follow in rapid sequence. The third brother self-exiled goes to India, the land of brilliant days and purple nights where the love, the life, the lure of the tropic east soothes the hopes and the hearts of the civilized west.

Then by coincidence the girl visits India. But the truth of true love, which never did run true, winds through a veritable jungle of love situations in an amazing climax.

Being a movie and music fan I have followed each and every show in Chicago, where I have found what I like best to be the best. I am proud to say that your bill this week equals anything that I have seen at their houses.

Your vocal and instrumental program was splendid and the pictures were fine. Your present policy now covers a new field of theater goers and I hope you are greatly rewarded for your effort.

Yours very truly,

M. A. McNETT.

## INJURIES

### ARE FATAL

Funeral services over Martin Joseph, 2389 West Sixth avenue, Tolleston, who died of injuries in Gary yesterday morning received near the

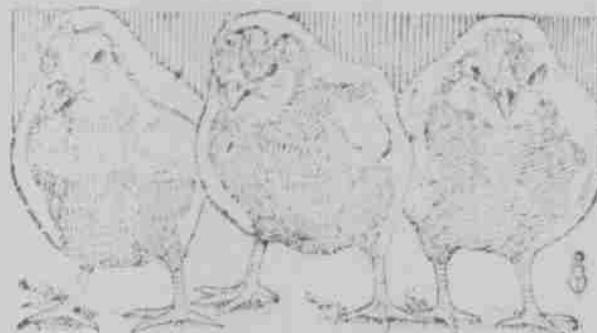

Cudahy plant between Gary and Indiana Harbor Sunday will be held Thursday.

Jessievay was riding a motorcycle and was hit by a truck driven by Peter Rosen, chauffeur for a Chicago drayage company. The body was held at Indiana Harbor for a coroner's inquest yesterday afternoon and was brought to the Tolleston residence last night.

### BOARD OF REVIEW BEGINS HEARINGS

**SPRINGFIELD, Ill., June 7.—**The board of review settled down to work today on the re-appraisal of real estate, personal and industrial property in the county. At the initial meeting yesterday Phillip Zocherer, democrat, in charge of the boards of review in this district, talked to the Lake county board about the necessity of cooperation between taxing officials.

The board of review is composed of the county auditor, county assessor and two civilian members, John D. Tysor of Hammond and William Fitzgerald of Gary.
